# COMPANY — PROFILE

# Corporate Philosophy

***Always responding to new challenges as an industry pioneer***

The need for industrial products including palm oil derivative products, coconut derivative products and Crude Glycerine has always been a very necessary need for all levels of humanity, Wiramas as a producer and seller answers this challenge by producing and selling products both on a domestic and international scale, with high experience and responsibility we are committed to providing supplies for each of our customers.

## Inovation for Adaptation

As a company, we embody the entrepreneurial spirit of constantly innovating in order to adapt to all changes.

## BRAND CONCEPT

### BRAND VISION (Vision as our goal)

We will innovate for the needs of society and participate in technological developments.

### BRAND PROMISE (Our Promise)

We promise to continue to maintain trust and fulfill expectations for us, without forgetting our initial enthusiasm.

### BRAND VALUE (the added value we provide)

we will be at the forefront in producing quality

### BRAND PERSONALITY (our attitudes and views towards the world)

Integrity  
Challenging  
Never Give Up

Unique  
Passionate  
Humanity

## **Basic philosophy and management policies**

Wiramas contributes to the world

- With increasing levels of customer satisfaction being our main management focus, we aim to provide optimal quality, delivery time, cost and service levels and are directly involved in company activities.
- We are determined to be a company that continues to grow and is future-oriented.

# Core competence

DNA that drives competitiveness

## World class seller

The products we have, have good quality value and meet the needs of our customers from various parts of the world.

## Leading Product

supported by good facilities, covering various business sector areas and the required technology, we build our business wholeheartedly

## why customers like working with us

By implementing a customer-first approach and quality as the foundation of our business, we consistently maintain customer trust through quality products and a global network of reliable technology.

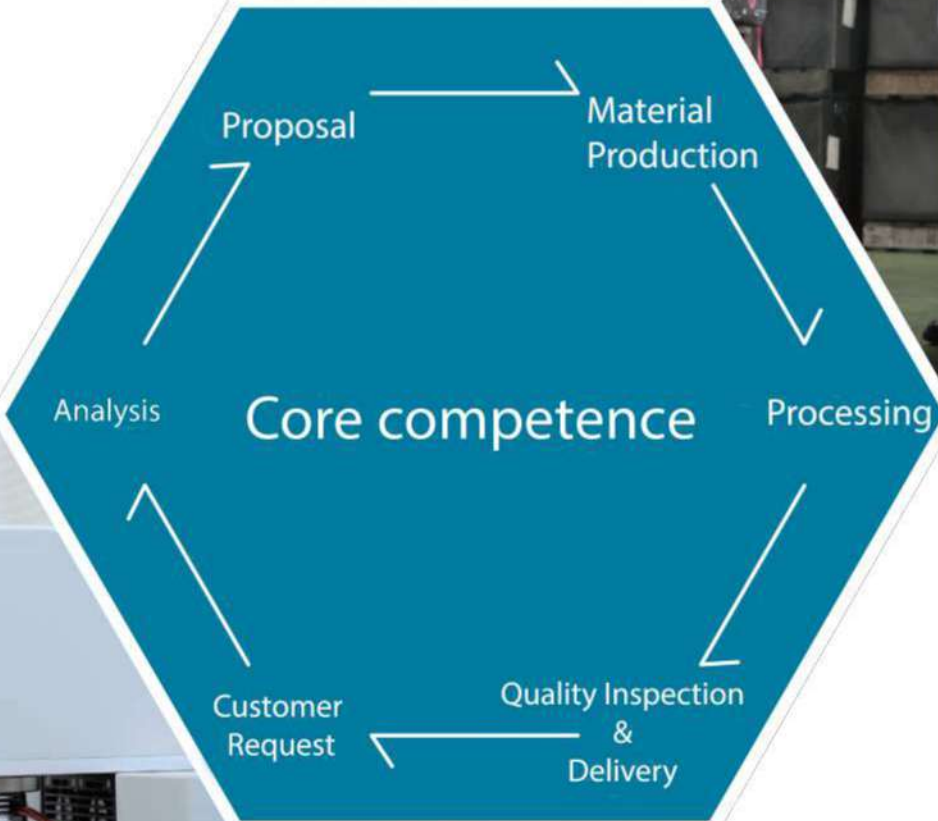

## Customer Solutions

## Product Strength

### Daya saing produk kelas dunia

Penggunaan karbon semakin meluas, mulai dari elektronik dan industri secara umum hingga sektor mutakhir seperti tenaga nuklir dan ruang angkasa. Untuk mengimbangi tren ini, kami menyuplai produk kelas dunia yang dapat meningkatkan pengetahuan kita dalam sektor-sektor seperti produksi bahan berukuran super-besar, pemrosesan yang presisi hingga tingkat mikron, dan menyediakan fungsi tingkat lanjut serta nilai tambah yang tinggi untuk aplikasi yang berbeda.

### Kemampuan suplai global

Toyo Tanso Group menerapkan sistem penjualan langsung di mana cabang kami di Amerika Utara, Eropa, Asia, dan di negara-negara lain terlibat dalam pemrosesan dan penjualan setelah mengumpulkan informasi mengenai kebutuhan pelanggan di pasar setempat secara langsung. Kami akan terus memperluas jaringan ini ke depannya agar dapat menyuplai produk bagi para pelanggan di berbagai negara dan wilayah di seluruh dunia.

## Global Supply Chain

# Business field

Various industrial sectors need our products

Crude Glycerine

**Crude Glycerine, Crude Palm Kernel Oil (CPKO), Crude Coconut Oil (CNO), and other products have been tested for quality.**

The scope of use of our carbon products has been actively expanding since our inception. To meet various needs in the industry, we have innovated. This hard work has paid off and we are now able to meet the demands of various sectors.
